**Re: WP Docket No. 07-100**  
**Notice of *Ex Parte* Presentation**

Dear Ms. Dortch:

On February 3, 2023, the undersigned, regulatory counsel to the Enterprise Wireless Alliance (“EWA”), had a telephone conversation with Brian Marengo of the Public Safety and Homeland Security Bureau. The parties discussed matters related to the committee proposed in the Ninth Further Notice of Proposed Rulemaking (“FNPRM”) to select the 4.9 GHz Nationwide Band Manager and the criteria the FCC might use to choose members of that committee. They also discussed the fact that the FNPRM raises a significant number of complex issues including resolution of the interference standards appropriate for the 4.9 GHz band, and the potential need for an extension of the Comment period to provide the FCC with substantive comments on those issues.

Respectfully submitted,

  
Elizabeth R. Sachs
